

MFG FIRE TRUCKS

Manufactured in compliance with the NFPA 1901 standard

MFG MOTO M-1

UTV MOTO M-1 is an innovative MFG product. Small in size, but with a great capacity for fighting fires in places of difficult access and confined spaces, where it is difficult for fire trucks to access.

UTV MOTO M-1 is ideal for companies, schools, universities, warehouses, shopping malls, sports centers, industrial areas, and places with difficult access.

Effective for the attack on fires in its early stages, it can be customizable to the needs of each client.
